## Patient support program

### Assisting you in providing complete support for patients after BRUKINSA<sup>®</sup> (zanubrutinib) has been prescribed

The myBeiGene patient support program provides comprehensive services through personalized assistance from a dedicated Oncology Nurse Advocate, including:

Simplifying access through financial assistance

Educating patients and caregivers about their treatment and disease

Connecting patients to services that deliver day-to-day living support

Learn more about how myBeiGene can support you and your patients at [myBeiGene.com](https://myBeiGene.com)

## 1-on-1 live support provided by a dedicated Oncology Nurse Advocate

The myBeiGene Oncology Nurse Advocates have extensive experience working with and supporting patients with cancer and their caregivers throughout treatment with BRUKINSA® (zanubrutinib).

*Whatever your patients' needs, we work to provide solutions or connect them to the right resources.*

Our dedicated Oncology Nurse Advocates are highly rated by practices, patients, and caregivers, with very positive feedback reported from interactions.

**94%** reported their Oncology Nurse Advocate was able to completely resolve their issue or question\*

**96%** felt their Oncology Nurse Advocate was knowledgeable, understanding of the question or issue they had, and able to clearly communicate and provide information or resources\*

**98%** of practices, patients, and caregivers were very or completely satisfied with the myBeiGene patient support program\*

\*Based on a 2021 satisfaction survey of practices and patients or caregivers (n=83) who called the myBeiGene patient support program.

## Simplifying patient access to BRUKINSA treatment

Navigating insurance and patient support options can be confusing for patients and caregivers, and time-consuming for you. Personalized assistance from a dedicated myBeiGene Oncology Nurse Advocate can help with:

### Insurance verification

Get help from the start with assessing coverage, including prior authorization and appeals process information.

### Bridge supply

A 30-day supply of BRUKINSA may be provided for any coverage delays of 5 days or more.†

### Co-pay support

- **Eligible patients with commercial insurance** may pay \$0 per prescription for BRUKINSA†‡
- **Eligible patients with government insurance** will be provided with information on independent charitable 501(c)(3) organizations that may be able to help with co-pay needs§

### Free product assistance

Eligible uninsured (those with no insurance or no coverage due to payer denial) or underinsured (those whose out-of-pocket costs are unaffordable) patients can get BRUKINSA at no cost.

†Terms and conditions apply.

‡Up to \$25,000 a year.

§Independent co-pay assistance charities have their own rules for eligibility. We have no involvement in their decision-making or eligibility criteria. This information is provided as a resource only and is not an exhaustive list, and also is not meant as an endorsement from myBeiGene.

For information about patient eligibility, support, or program enrollment, call myBeiGene at **1-833-BEIGENE** (1-833-234-4363), M-F 8 AM to 8 PM ET

## Providing information to help support your patients' day-to-day living needs

When your patients prescribed BRUKINSA® (zanubrutinib) or their caregivers require assistance with day-to-day needs, your dedicated myBeiGene Oncology Nurse Advocate can provide information about available resources that may best address the needs of your patients and connect them to independent organizations\* that may be able to help, including:

- Counseling services
- Support group information
- Transportation and lodging assistance

## 1-on-1 continuous support for your patients during their treatment with BRUKINSA

The myBeiGene Oncology Nurse Advocates have extensive experience working with and supporting patients with cancer. They are available to offer:

- Disease and treatment information about BRUKINSA
- Follow-up support for patients and caregivers upon request

\*Independent organizations have their own rules for eligibility. We have no involvement in their decision-making or eligibility criteria. This information is provided as a resource only and is not an exhaustive list, and also is not meant as an endorsement from myBeiGene.

## How myBeiGene supports BRUKINSA-prescribing practices

We're here to help and to answer any questions you have.

- **What services and assistance do my patients need?**

It's hard to predict which services and assistance your patients may require. However, once you enroll them in myBeiGene, we'll take care of the rest by offering them the personalized support that matches their unique needs.

- **When enrolling patients, what if I don't have all of the information requested?**

Complete as much of the enrollment form as you can. We can help answer any questions you may have.

**When a substantial number of patients at a New York-based practice were denied insurance coverage, myBeiGene was able to provide assistance. After investigating, the practice's dedicated Oncology Nurse Advocate discovered that the prior authorizations were either incomplete or lacking necessary clinical information.**

**The Oncology Nurse Advocate was able to get coverage for the denied patients and helped educate the practice and their in-office dispensary.**

**“ myBeiGene is the best PAP out there, and I wish all programs worked like yours. ”**  
- Patient Service Lead at a New York-based hospital

PAP=patient assistance program.
